SOFTWARE ENGINEERING UNDERGRADUATE

I am a highly motivated Software Engineering undergraduate at the Open University of Sri Lanka, currently in my third year of study. I have a passion for building attractive, responsive and user-friendly interfaces. With a strong understanding of modern technologies, practical experience in programming, web development, and database management. A curious and collaborative individual with strong interpersonal and communication skills, ready to take on exciting challenges, continuously learn, and build innovative solutions as part of a dedicated team.

EDUCATION

Bachelor Of Software Engineering — **Nov 2023 - Present**
Open University of Sri Lanka

Advanced Level – Technology Stream — **2020 - 2022**
Kuliyapitiya Central College
